Profile

I'm a Cuban freelance Web Developer who loves to provide the best and the most accurate product to the Client. I have being working in different technological areas such as IT specialist, Network Resources Manager and others no so technical like Tour Program Leader & Guide.

Employment History

Freelance Web Developer (Now)
- Development of Web Pages and Applications for private business owners using (SCRUM & XP) methodologies,

  - **Nail-Art.** Web app for a beauty center in Havana. It displays all the utilities of the business to the customers and allows the owner to manage reservations, and stock existences (**MEAN stack**)

  - **Co-founder Linked-House.** Web app and **Startup-Business** to make easy the way in how the hostal's owners manage their reservations along the country. This startup created alongside with my brother, never manage to take-off, but the experience obtained was priceless (**Angular CLI**, **Python**, **Django**, **MySQL**)

Networks & Resources Manager
French Alliance, Havana/Cuba (2016)
- Providing technical support to the internal network at the school.
- Developing solution to improve the pre-existent systems.

IT Specialist
Direction of Technologies and Systems, Havana/Cuba (2013-2016)
- Assisted developers and engineers in resolving key issues.
- Collaborated with teams to deliver advancements and solutions

Education

Bachelor of Software Engineer, Universidad Politecnica ISPJAE, Habana/Cuba (2009-2014)

Escuela de Altos Estudios de Hotelería & Turismo, Habana/Cuba (2015)
